## Recent Operations

By Paul Rardin

My wife is spending our vacation in Georgia again this summer. The left Monday for the home of her parents in Glenview, Ill. It seems to me that she times her summer visits to Georgia just about the time watermelons come in. Then, too, there's the fresh crop of black eyed peas and roasts' ears.

The service men's honor roll to be erected in Pahokee will be erected soon. That is, if a few more folks put their names on the dotted line for a few cents. No large amount is wanted from any person—just a few cents and the amount necessary will be raised soon.

The honor roll is to be a handsome affair. Do you want to have a part in its erection? The price of a couple of packs of cigarettes will be appreciated. Can you spare that much?

During the past week we have added the names of five boys in the service to our subscription list. There are dozens of these youngsters getting the Everglades News each week. The paper literally goes to the four corners of the earth each week.

Those boys in the service will feel a certain amount of pride when they read about erection of this honor roll. It is the least we can do to honor those who are fighting our battles for us. Come on. Kick in today.

It begins to look like half the boys in Pahokee have tested out to be carpenters. Auto salesmen, newspaper salesmen, band leaders and what have you are now wielding hammers and saws. On the Hobe Sound construction job. If the exodus keeps up there won't be enough men left in Pahokee this summer to get up a good checker game.

After skipping along on this gasoline diet I received a severe shock a week or two ago when I saw a fellow with a pickup truck packed with picnic lunches leaving for a Sunday vacation in the woods. He is more fortunate than I am. His is a truck and my vehicle happens to be a sedan. He can buy all the gas he wants. I make out on what I'm rationed.

Over in Glades county a special election will be held to choose a state representative. There are three candidates: Carr Settle, editor of the Glades County Democrat; R. B. Moore, former state representative; Jos H. Peoples, Jr., whose father served many years in the lower house of the state legislature. It is going to be an interesting race for the political on-looker.

Richard H. Simpson, representative of Jefferson county, will be the speaker of the house in the 1943 session of the legislature. He was chosen at a caucus held in Tampa recently. His election was the speaker of the house in the 1943 session of the legislature. He was chosen at a caucus held in Tampa recently. His election was the speaker of the house in the 1943 session of the legislature.

**HOME FOR A DAY**  
J. P. Hancock, who is in the army, spent one day recently with his parents in Palm Beach. He was called before the end of his ten day furlough to return to Savannah where he entered school for eight weeks where he will learn operation of a telephone. Elmo Hancock is stationed at Mitchell Field, N. Y., where he is on patrol duty with the army.

## Let Everybody Know You're Investing. 10 Percent of Your Income in War Bonds

The attractive red, white and blue window sticker, pictured above, is the new yardstick of patriotism in the War Bond drive throughout the nation. With the slogan, "Everybody every day, ten percent," sweeping the country, patriotic Americans on the home front are rallying to their Government's appeal for funds which will help finance the war. The sticker is doing its share toward Victory for America and the United Nations. The stickers are being distributed through local War Savings Chairmen. U. S. Treasury Department

## Reddick Retires From FEC Job

W. H. "Bill" Reddick, agent for the Florida East Coast railway at Canal Point for 15 years and an employee with 30 years of service, has retired and made his application for a pension. Mr. Reddick just recently returned from St. Augustine hospital where he has been for three months recuperating from a serious illness. He is able to be up and around but is still very weak. "Bill," as he is known to all Lake Region folks, has done a splendid job for the FEC in Canal Point. During the years when the majority of the vegetables went to the Canal Point station by express, he did a lot of hard work—carrying hampers and leading them into express cars for the trip north. In later years, since the deal became a large one and ice cars have been the order of the day, Reddick's work has been lightened somewhat but still called for a man with a lot of stamina.

He has served the FEC and the people of the Lake Region in an excellent manner and his retirement will be welcomed by him but his absence from the depot will be noticed by the many patrons of the railroad.

## Pahokee Loses Good Citizens

Pahokee lost two splendid citizens over the week end when Mr. and Mrs. James Harry Wilkinson left to make their home in Mobile, Ala., where he will be employed in a shipyard. James Harry was an ardent civic worker, a member of the Lions club and always ready to do his share for the betterment of the community. He and his wife were loyal workers in the Pahokee Baptist church where he was superintendent of the Sunday School.

During the past couple of years James Harry was representative of the Duval Jewelry company of West Palm Beach and built up an excellent business for that concern. He will be replaced by Claude Jones who has already taken over the job.

The U. S. Marines, which boasts some of the best parachute battalions in the world, has had men parachuting since 1922.

## ROSS AWARDS HIS TOLL

Ross Bleech, son of Mr. and Mrs. R. Bleech of Pahokee, is awaiting a call to take his final examination for entrance into the naval reserve. After passing the examinations Ross will enter service as an aviation cadet.

## Joe Tolle Goes To Sanford Church

FORT PIERCE, Fla., June 18.—Rev. and Mrs. J. A. Tolle and children are leaving Thursday for Sanford, where the Rev. Tolle will take over the pastorate of the Methodist church. They were given an informal farewell party by the local congregation Wednesday night after the mid-week prayer service. They have been here for the last three years.

## Slawson Leaves For Army June 27

Rev. M. O. Slawson returned to his home in Canal Point over the week end from the Methodist conference in Lakeland. The conference returned him to Canal Point for another year as pastor of the Methodist church. Upon his return with his new assignment for another year he found his call to return for army duty as chaplain. He will report to Fort McClellan, Ala., on June 27.

During the four years Rev. Slawson has served Canal Point he has done outstanding work and will leave an enviable record behind when he goes into Uncle Sam's service. The Canal Point church was his first pastorate and he has proved himself a leader in the community is attested by his many splendid accomplishments during the time he has served the local church.

At this time we do not know who will be sent to Canal Point to take over the job that Rev. Slawson leaves. However, we believe we voice the opinion of the community when we say that Rev. Slawson will be welcome in these parts when the war is over. He has proved himself a true man of God, a splendid civic worker and a friend to all. He will be missed by his friends who have learned to know and love him.

## Donations Come In For Honor Roll

The Service Men's Honor Roll to be erected in Pahokee on the vacant lot between Nola's store and the old city hall, will be a reality soon. The Bank of Pahokee announced the plans for the roll last Friday, it will be only a few hours until the first contributions were received. A treasurer will be named in Pahokee to collect the pledges and an accurate account will be kept of all money collected and when the roll is completed a statement will be issued by the treasurer showing how the money was spent.

City officials of Pahokee are cooperating splendidly in the effort to erect the honor roll which will carry the names of all men in the army, navy and marines from the Pahokee and Canal Point section. It will be an easy matter to get the names of all men who have been drafted, but names of volunteers will have to be ascertained from some relative. A special book is at the Nola Dragon store and all citizens are urged to go by there and turn in the names of the person they know to be in service.

It is the hope of those sponsoring the honor roll that it shall carry a full and complete list of all the names of the men in the service of Uncle Sam. In order that no man will be left off the roll, please make it a point today to go by Nola's store and turn in the name of your relative who is in the service of his country.

The honor roll is to be a handsomely decorated affair—10x16—mounted on piling and painted red, white and blue. Additional names will be added to the roll after it is erected.

Donations for materials and paint have been good so far but more money is needed. If you are interested in the move, please stop in the phone and call Pahokee 2061 and the editor of this newspaper will be glad to place your name on the pledge list. No big amount is wanted from any one person—a dime, a quarter or any amount you feel able to donate will be appreciated.

## Army Pay Is Raised To \$50

WASHINGTON, June 18.—Men in the armed forces were assured of minimum pay of \$50 a month when President Roosevelt signed into law today legislation recently passed by Congress. Retroactive to June 1, the measure raises the pay of back-payers and to include Army's second lieutenants and Naval ensigns.

## MOVE TO IOWA

Mr. and Mrs. M. F. Wilson of Canal Point will go to Lynn Grove, Iowa, next week to spend a year with relatives. They have rented their home and farm in Canal Point to Mr. and Mrs. Roswell Harrington. Canal Point people will look forward to that time a year from now when the Wilsons return to this community they have called home for the past 16 years.

## NEED 6 MEMBERS OF MOTOR CORPS

The Motor Corps Unit recently formed in Pahokee needs more members, according to an announcement this week by officials. Those who wish to join must be in excellent physical condition, their bearing must be good and their sight unquestionable. Applicants may get in touch with Mrs. Velva Elliott in Pahokee.

## CAPTAIN ELABEE

Dr. Harry M. Elabee is now a captain in the army. He left Pahokee last Saturday for Miami and entered the service that afternoon as a captain.

## PAHOKEE ROTARY LOST TWO MEMBERS

The Pahokee Rotary club lost two splendid members at the regular meeting yesterday when J. C. Caffey and Rev. M. O. Slawson tendered their resignations. Mr. Caffey, who recently resigned as president of the Bank of Pahokee, will leave soon for Mobile, Ala., and Rev. Slawson will enter the army on June 27th.

## Caffey Resigns As Bank Head

J. C. Caffey, president of the Bank of Pahokee, tendered his resignation last week to the board of directors, and with his family will leave soon for Mobile, Ala., where he was connected with a bank institution before he came to Pahokee. Mr. Caffey has been in ill health for the past several months.

Rupert Mock, who has been connected with the bank for 12 years and who has served as cashier since the past seven years, is in charge of the bank as its acting head.

## Communication

Pahokee, Florida  
June 16, 1942  
Mr. T. C. Coddington, Executive  
Sec'y Florida General Salvage  
Commission  
Room 313 City Administration  
Building  
Tallahassee, Florida

Dear Mr. Coddington: This is to notify you that the Pahokee-Canal Point Council has been instrumental in having five carloads of scrap metal shipped to date, totaling 183 tons. We feel that this scrap will furnish 2 to 300 additional tons of metal. This, so that you may be apprised of what we are doing in this area.

## Hold Reception For New Pastor

Members of the Pahokee Methodist church will hold a reception tonight for their new pastor, Rev. T. A. Ferguson, who comes to Pahokee from Homestead. The Rev. Ferguson replaces Rev. J. E. Slawson who left a few weeks ago to enter Uncle Sam's service as a chaplain with a first lieutenant's commission.

## SPECIALS FATHERS' DAY SERMON

Rev. S. E. Jordan announces that a special sermon to the fathers will be heard at the Canal Point Baptist Church Sunday morning at 11:00 o'clock. The subject of the sermon is: "HOW TO BE A GOOD FATHER."

## SLAWSON MADE HONORARY MEMBER OF ROTARY

Rev. M. O. Slawson, pastor of the Canal Point Methodist church, tendered his resignation to the Pahokee Rotary club yesterday. On motion made by John Dulany and seconded by Paul Rardin, the club voted to instruct the board of directors to make Mr. Slawson an honorary member for the duration of the war.

## DON'T LOSE CARDS

Those who have caused those who hold War Ration Books in connection with the Sugar Rationing program, it is urged that particular care be taken of such books. The loss or destruction of a War Ration Book means that the owner will have to wait two months after notifying the board of such loss before a duplicate book may be issued.

Shirley Temple's brother, George, a U. S. Marine, was on duty in Honolulu Dec. 7, 1941, during the Jap sneak attack.

## TO MY FRIENDS OF THE LAKE REGION

Dear Friends:

Four years ago we came to the finest people in the world and I cannot let this opportunity go by without expressing our gratitude to the community for the many expressions of love and loyalty during our pastorate.

The way has not always been easy, and it is not always been smooth sailing but we have never had to go the way alone. There has always been someone along the way to cheer us on.

When the war clouds came and it was necessary for a peacetime draft I did not feel that as a minister I had any right to ask or claim military exemption. (However this does not give us any right to condemn or criticize those who do not feel as we do.) As a result of the above mention I volunteered my services as a Chaplain in the Army. Then after "Pearl Harbor" I was more determined than ever to do my part in preserving those things that we hold most dear. I ask your prayers not for myself but for the work I hope to do among your boys out there or boys just like them.

I count it a high privilege to have served you as a pastor and we hope that you consider us as a part of your family. Thanks again for everything. So long, good luck, and God bless you all.

M. O. SLAWSON AND FAMILY  
Canal Point

P. S. I'll be looking forward to the "Everglades News."

## VISITS IN GEORGIA

Mrs. Paul Rardin left Monday for Glennville, Ga., where she will spend several weeks vacationing with the guest of her parents, Dr. and Mrs. W. O. Strickland and other relatives.

## Peace Officers Met In Pahokee

Members of the newly organized Palm Beach County Peace Officers association met in Pahokee on Wednesday for their third meeting since the group was organized. Police Chief Haywood Baxter and Constable Francis Cross were hosts to the group of 60 who enjoyed a fish fry and swap cabbage at the state market.

Following the delicious dinner a short business session was held at which various matters were discussed. One matter of importance before the group was uniform rules and regulations to cover driving during the presence war emergency.

## UNO DRIVE POSTPONED

The USO war fund drive which was to have been launched in Pahokee and Canal Point on June 1, has been postponed until early in October, after Malcolm Miller, the chairman, would headquarters and pointed out that this would not be a favorable time to carry out the campaign.

With the farming season over and so many citizens on vacation Mr. Miller felt it would be impossible to meet the quota set for this district at this time. The quota for the Pahokee and Canal Point area is \$3,100.00.

## SLAWSON MADE HONORARY MEMBER OF ROTARY

Rev. M. O. Slawson, pastor of the Canal Point Methodist church, tendered his resignation to the Pahokee Rotary club yesterday. On motion made by John Dulany and seconded by Paul Rardin, the club voted to instruct the board of directors to make Mr. Slawson an honorary member for the duration of the war.

## WALTER CROSS HOME FROM NORMAN PARK

Walter Cross returned home last week from Norman Park, Ga., where he was a graduate from the Junior College with high honors. Walter has been studying for the ministry. Last Sunday morning at the meeting, Rev. Slawson preached at the Methodist church in Belle Glade and Sunday night he led the pupils at the Canal Point Methodist church. During his college days he did a splendid work and has many fine accomplishments to his credit.

## Ration Board Is Busy Group

The Pahokee - Canal Point Ration board is one of the busiest organizations in South Florida. C. C. Hill, Don Miller and Claude Santee are devoting several hours each day to the job and seek the cooperation of the public in their efforts. In order that book work may be caught up in the office it is necessary that certain hours be set for meetings of the board.

Sugar rationing will be taken care of on Tuesdays and Thursdays beginning at 1:30. Taxes to be handled on Monday, Wednesday and Friday. Gas will be rationed every afternoon beginning at 1:30 o'clock.

Motors who want service from the rationing board should take these hours into consideration. For after all, these folks are GIVING their time to the board and should have and are entitled to the public's co-operation. Don't tag them on the street and take up their time. So then when they are in session and your wants will be taken care of in order.

With the items being rationed, book work in the office becomes more complicated daily. Mrs. H. L. Lapp, secretary to the board, is doing a splendid job. Members of the board are GIVING their time, unstintingly and are doing an excellent work in taking care of hundreds of daily requests.

## Freshmen In Rote Program

O. B. McClure, who recently became a member of the Pahokee Rotary club was in charge of the program yesterday and presented all the first year members. Each of the freshmen made a short talk and told of what he expected to get out of Rotary. Freshmen are: Dick Richardson, Jack Rude, Elmer Jones, R. J. Simmons and Joe Kahn.

D. D. Howard of West Palm Beach was a visitor and told members of the club of plans to salvage rubber scrap during the campaign period designated by the president.

Visitors were: Lou Betzner, John Harris, Lawrence Hughes, Miss Arnold and D. C. Miller of West Palm Beach.

## RETURNS TO CINCINNATI

Mr. E. D. Brannon returned to her home in Cincinnati, Ohio, Friday after visiting her parents, Mr. and Mrs. W. S. Cross at Runyon. On the return trip Mrs. Brannon stopped by Cleveland, Tenn., for a short visit with her sister, Mrs. R. T. Smith.

## Scrap Rubber Is Being Gathered

Service station operators in the state are answering the call of the president and are mobilizing in an all out drive to collect scrap rubber.

In the Glades section several of the stations are taking in old rubber at 1c per pound. It will be taken up by the gasoline distributors who will store it until the government calls for it. The response of the public in bringing in their miles of discarded rubber articles retrieved from attics, basements, garages and barns. Old tires, tubes, garden hose, hot water bottles, tennis shoes, rain coats, bathing caps, and similar discarded rubber articles are desired. The rubber in them will be reclaimed and used to meet military and essential civilian needs.

Also, old auto parts have been assigned for the scrap rubber drive in this state for the 16 day period from June 15 to June 30. Everybody knows how much scrap rubber there is lying about everywhere in Florida. It is up to the people to dig out the scrap of rubber in their rubber that can be found and take it to nearby service stations.

Scrap rubber can be donated or it can be sold. The operator of the station will pay 1c per pound. But the main thing is to get the scrap rubber into the hands of Uncle Sam. The station operators are volunteering their time and services to this patriotic effort to bring out of hiding the nation's resources of reclaimable rubber.

This drive for rubber, now so sorely needed by Uncle Sam, offers an opportunity for everybody in the home front to help win the war. A few ounces of rubber in a hot water bottle, or a few pounds of rubber in a discarded hose, may seem insignificant; but multiply this many thousands of people and this state will be able to report a substantial contribution to the nation's rubber stockpile when the drive closes on June 30.

## Praises Camps For Migrants

HOMESTEAD, Fla., June 18.—"Migratory workers' camps built and supervised by the Farm Security administration in Florida and throughout the country attract better farm labor to a locality and provide adequate housing and sanitary conditions," said E. A. Roberts, camp manager of the F. S. A. in charge of the two camps near Homestead, in a talk before the Redland District Lions club.

Due to the living conditions combined with educational and social welfare work carried on at these camps petty crime has decreased and respect for law and order increased where camps are in operation, continued Roberts.

Florida now has eight camps, each of which is conducted like a city, with a camp council elected by the residents to assist in supervision of policy and administration of camp funds. Each camp has its own police force, a fire department, fire protection, assembly hall and clinic building. There are laundry rooms for every few houses, concluded Roberts.

Homestead, of the state wildlife conservation department, and A. F. Faust, of the Florida Highway patrol, told of their efforts in securing scrap rubber in the Everglades. They have support of the club in this work. Proceeds from the sale of the salvage will be donated to army and navy relief.

### FEWER AND BETTER ATTACHES

Dick Simpson of Monticello, speaker-designate of the Florida house of representatives, struck a responsive chord when he said in Tampa Saturday that legislators must use fewer and better attaches during the 1943 session.

Many of the legislators have been heard to say that when the situation is impartially analyzed, the attaché spurge really isn't so black as it looks to the outsider.

However, Floridians who go to the capitol during a session and bump into squads of attaches at every turn get the impression that some money is being wasted. Most Floridians who've been up there know that many of the attaches get a lot more money than they're worth. Some of the attaches work pretty hard and a lot of others do little more than decorate the place.

A few legislators conscientiously try to keep down the expense of running a session but the average member accepts all the help he can wangle out of the state. It's the much too prevalent American doctrine of get all you can get while the getting is good.—Lakeland Ledger.

### HERE AND THERE IN FLORIDA

The idea of growing long range crops is not new; it is as old as mankind. But here in Florida we have been prone to think of

crops in terms of what we can grow, harvest and sell within a 90-day period rather than something we plant today to harvest 10 or 15 years from now. This war emergency has been teaching us the necessity of getting away from the quickie stuff and take a long range view of production. Three different efforts are being made in this direction now in Florida. These are:

(1) The growing of cork oak trees which, in time, will produce the corks which for many years we have obtained from Spain and today are doing without.

(2) The growing of African oil palms which are the source of the oil used in Palmolive and many other soaps.

(3) The growing of sugar cane, peanuts and sweet potatoes for the production of synthetic rubber.

These are three things that Florida can do to meet an emergency and also to provide something to do in peace time, which we all hope will someday come again.—Stuart News.

Have you thought about subscribing to this newspaper and sending it to that boy in the service? He will enjoy its weekly visit.

### Urges Town To Go After Camps

JACKSONVILLE, June 18 (FNS)—Florida State Chamber of Commerce is encouraging cities and towns to "go after" more military camps. Its officials see an army of from 8 to 10 millions of men, as opposed to a present personnel of a little more than 3 million.

"Florida is the nation's best military training ground," declares Harold Cole, executive vice president of the State Chamber, "and the way to get a camp or installation is to fight for it."

### Must Collect Delinquent Taxes

Tallahassee, June 18.—Bluntly warning county and school officials that any attempt to increase county millages would not be approved until a determined effort had been made to collect \$10,000,000 of delinquent taxes that have been al-

lowed to accumulate since the Murphy Act, Governor Holland and Comptroller Lee jointly conference with the Florida Taxpayers' Association in its contention that no tax increase should be imposed on those who pay promptly until a fair share of taxes has been collected from all properties.

"If the need isn't great enough to enforce collection of delinquent taxes, it isn't great enough to raise millages," said Lee.

Governor Holland told tax collectors, assessors, county attorneys, circuit court clerks and officials of the schools gathered for his tax conference that he would make thorough investigations of any charges that taxes were being assessed from "a political standpoint."

The governor pointed out that Florida is offering a critical war period in its best financial shape for many years and that, diligent collections are now necessary to keep it that way.

"Let's not talk about any new sources of revenue," said the governor, "until we get to that bridge, because the legislature will meet this year and we can get relief then if there are actually any pressing financial problems."

### SPECIAL SERVICES AT PABLOKE BAPTIST CHURCH

Special services will be conducted at the Pabloke Baptist church on Sunday, Father's Day. At the night service, 8:15, six fathers, oldest, youngest, and the one with the most children present, will be recognized. The choir will be composed of men. The Glades quartet will sing. Roy O'Neal will render a saxophone solo. The pastor will preach at both services.

The Vacation Bible School is meeting with marked success, with more than 150 enrolled. The school will continue through next week. The Commencement exercises will be conducted on Sunday night, the 28th of June.

The Vacation Bible School Juniors department will make up the choir at the morning service, this Sunday.

### EXTRA TIME TO REGISTER FERTILIZER

TALLAHASSEE, Fla., June 18.—Ninety-day renewals of fertilizer registrations will be permitted this year by the state department of agriculture because of uncertain

ties about obtaining necessary chemical ingredients.

Commissioner Nathan Mayo notified fertilizer manufacturers Wednesday he did not believe it would be possible to file registration certificates for a full year when they became due June 30. If unexpired conditions are not cleared by Sept. 30, when the first 90-day temporary registration expires, additional temporary registrations will be allowed.

"It is apparent that war conditions will greatly restrict fertilizer manufacturers in securing certain ammonium, explosives and other war materials."

Fertilizer manufacturers in Florida produced 696,000 tons during 1941 in meeting increased food production requests, and Mayo said forms of nitrogen and/or possibly other food essential in making commercial fertilizers. Mayo said: "Federal allocations already are in effect, and additional regulations appear certain in view of the government's increasing need for nitrates and other chemicals indispensable in the preparation of that 520,000 tons would be needed this year. 'Whether they can obtain materials for making the three-quarters of a million tons, or more, that ought to be used annually in Florida during the war, is an unanswered question,' Mayo said.

"At present, no one, either in Florida or in Washington, is able to say just how much of the essential plant foods will be available for our purposes."

### CIVILIAN DEFENSE DAY, JULY 4th IN WPB

Saturday, July 4th, will be a big day in West Palm Beach. It will be known as Civilian Defense Day and units all over the county will join with those of West Palm Beach to celebrate the occasion. A huge parade will be staged and present plans call for army units to participate. Other plans for the day will be announced next week. P. P. diMoyn said.

### Expect Big Things From Peanuts

PENSACOLA, Fla., June 18.—The Southeastern Peanut Association adopted Wednesday a new rule increasing the percentage of protein peanut meal and feeds must contain to be placed on the market.

The association, which conducted

its annual convention Wednesday, elected Ed Stevens of Dawson, Ga., president, and R. B. Anderson of Andalusia, Ala., vice president. J. H. Bryson of Dothan, was re-elected chairman of the executive committee.

The National Peanut council which also held its convention here at the same time as the Southeastern group, re-elected Roy E. Parrish of Camilla, Ga., president. John Burroughs of Fort Worth, Texas, and W. P. Woodley of Norfolk, Va., were chosen vice presidents.

The new rule, recommended by the chemistry committee, approved by the rules committee, increases the percentage of protein from 45 to 48 per cent in "pure peanut" meal and establishes a minimum of 41 per cent for peanut feeds.

Donald S. Payne, senior technologist of the agricultural marketing administration, told the group the peanut "may be the solution to the protein problem in

Europe and in the United States for the next 10 years, since there's bound to be a shortage of meat."

Payne observed that peanuts, so may become the staple food of the South's poorer classes during the next few years.

"Peanuts prevent pellagra," he explained, "and tenant farmers in Georgia, Florida and Alabama would do well to keep a supply of raw peanuts on hand and eat them every day or so. If they did, their health would be better."

Fifty million pounds of peanut flour are being made annually in one San Antonio, Texas, mill and plans are being drawn for six more mills in Florida, Alabama, Georgia and Texas, Payne declared.

I'LL TUNE OUT THE ALKA-SELTZER ANNOUNCEMENT

Don't—THAT'S THE MOST IMPORTANT THING YOU'LL HEAR TONIGHT

"When statements about Alka-Seltzer are made over the air, please, please believe them."

Miss Oma Catherine Jones

MILLIONS suffer less from Headache, Acid Indigestion, Distress from Cold, Stomach and Bowel Pains because they have heard—and believed—Alka-Seltzer radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcast.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer, we believe you will agree with us.

But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio program.

WHY ALKA-SELTZER IS SO EFFECTIVE

The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The pain-relieving action is made more effective by alkaline buffers. The alkalizing elements in Alka-Seltzer reduce excess stomach acidity.

Alka-Seltzer the next time you pass a drug store.

Large package 66¢ Small package 32¢

Try a glass of Alka-Seltzer at your Drug Store Soda Fountain.

Alka-Seltzer

The first U. S. Marine Corps expedition was to the Bahamas Islands in 1776 under the command of Capt. Samuel Nicholas.

The American Consul at Syria in 1903 requested Marines for the protection of American lives and property after a religious uprising almost caused a revolt.

## SERVING Vital WAR NEEDS

A great public servant—your telephone—is successfully carrying its added responsibilities as it performs its vital wartime duties.

Few who daily use the telephone on a peacetime basis realize its extreme importance in time of war.

Today, in the area served by Southern Bell, war activities are moving at a tempo never before equaled. Throughout these nine Southern States, many new military and naval training camps, new and enlarged Navy and Marine shipyards, Air Force training and flying fields, and the huge plants employed in war production, are teeming with all-out activity. All rely on the dependability and efficiency of the telephone, as national and civilian agencies relay the urgent messages of a Nation at war.

The telephone is the means of activating quick control of vast numbers of men and units of equipment, as well as for instantaneous communication on a war front stretching around the world. This is what the telephone, long recognized as a great American convenience, is now vital to the successful conduct of the war, and Southern Bell is proudly doing its part in meeting our Government's every telephone communication need.

Thus it is that the telephone, long recognized as a great American convenience, is now vital to the successful conduct of the war, and Southern Bell is proudly doing its part in meeting our Government's every telephone communication need.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

INCORPORATED

# Are You Ready?

Starting May 20th, lasting until Sept. 1st, a Bass Fishing Contest put on and sponsored by the Sportsmen of Belle Glade and vicinity to determine the best Fisherman in our Section.

Any sportsman residing from Cardwell west to the county line may enter this contest.

All Black Bass entered in the contest are to be caught out of Lake Okechobee.

Each sportsman desiring to enter the contest will be required to register at the Hardware Store and he will have to pay in advance \$1.00 per month for three months, the duration of the contest.

Any sportsman failing to put up the full \$3.00 or \$1.00 per month for the entire contest will only be allowed to participate for that month that he has paid and will not be allowed to participate in the Grand Prizes. In other words he will only be eligible for the \$10.00 cash prize for the month that he has paid. Those who have paid the full \$3.00 or \$1.00 per month for

three months will be eligible for the three monthly \$10.00 cash prizes as well as participating in the Grand Cash Prizes.

The Grand Cash Prizes will be figured on a 50 percent, 30 percent and 20 percent of the accumulated money in the Kitty and only one Grand Cash Prize will be allowed to a contestant, these prizes will be 50 percent of the Kitty for first prize, 30 percent of the Kitty for second largest Bass entered and 20 percent of the Kitty for the third largest Bass caught during the three months.

The few days remaining in May will be carried into June and the 1st monthly prize will be awarded July 1st, second month August 1st and final will be awarded Sept. 1st.

All Bass are to be weighed in at The Hardware Store and in the event that the Hardware Store is closed arrangements will be made to weigh in Fish at Darden's Drug Store.

All Bass are to be caught with Rod, Reel and Artificial bait.

COMMITTEE—S. B. Gurkin, L. C. Betzner and John Kirk.

By MALCOLM MILLAR

Another newcomer to the silver screen will make her debut at the Prince theatre, Sunday and Monday in the most exciting war time film of adventure, danger and drama written in some time, "Paris Calling."

It is the story of a girl, whose heart has always been with the common people, and, because she

feels her people have been betrayed, she joins the underground movement to unseat Hitler and bring back France to its once happy existence. In her role as a piano player in a cabaret she meets and falls in love with an RAF pilot, seeking escape to England.

According to authentic critics on big city dailies, the picture has high entertainment value. The cast is superb, the direction excellent and the story enthralling. I think you will like it.

A great many of you have read the works of Rex Beach, one of the greatest writers of the North-west in its swaddling days, when law and order were unknown and

strong men were the only survivors.

Tuesday at the Prince theatre is offered a screen adaptation of his greatest story, "The Spoilers," that has been played on the screen before—in the old silent days. It will be remembered by the old timers as one of the greatest of those days, and it is said, this production surpasses the former film in every way.

This version stars Marlene Dietrich who should give an excellent performance, as this type of role seems suited to her best. Randolph Scott, long associated with outdoor epics, teams with John Wayne, who got his start in galloping oprees, with Harry Carey,

grand old man of the silver screen, are Miss Dietrich's supporters in this piece. I pick it as the best of the week end offerings.

Tuesday—Wednesday comes an offering from the pen of Damon Runyon, greatest writer of under-world New York stories, "Ruthless Minds the Baby," starring Virginia Bruce, Brod Crawford and Dick Foran, supported by an especially picked gallery of mugs who bring laughter, suspense, romance and adventure, all combined into one great story with fine entertainment values.

On this same program comes Mr. Screwball himself, in the person of "Woowoo" Hugh Herbert, assisted by Anne Gwynne, Rob-

## WE KNOW

HOW TO MAKE SCIENTIFIC SHIVERS TO APPEAL TO THE MASSES AND HOW TO MAKE THE PRODUCTION OF A MOVIE SAVING MONEY AND TIME BY USING SCIENTIFIC METHODS OF HANDLING AND RECORDING.

ert Paige a bevy of eye catching beauties and a handful of featured players, who present "You're Telling Me."

This show has a story that was written, not so much for the plot and body, but to bring out all of the genuine qualities of a screw ball who has made millions laugh. I must admit, personally, I don't care for Herbert's brand of comedy, and again I must admit, he has a large following who do like

him and maybe you're one of them. If you are you will enjoy it.

Friday brings the ever popular "Blondie" back to the screen in "Blondie's Blessed Event." Based on the comic strip created by Chic Young, this family needs no introduction to cinematic fans. I am certain, this family needs no introduction to cinematic fans. I am certain, this family needs no introduction to cinematic fans.

On this double feature bill comes "Wish Framed." Here is another of those shows I know nothing about. The press sheet states it's aces in gagster entertainment—can't always go by the press sheets, because they are designed

to sell the pictures. I will have to let you be the judge of this pic.

Saturday when the six shooters club don their chips and six-guns comes Wild Bill Elliott in a dandy opree of Western thrills, with Bill the perfect sort of man, doling out a generous amount of thrills, lead pellets and jaw breaking knuckles. This also is the 10th

and concluding chapter of "Riders of Death Valley," and boys and girls, you will want to be there to see how the danged thing ends. I have seen every chapter so far and wouldn't miss this one—even for a Camel.

The gentleman with the "hair-trigger" temper, Ed Kennedy brings a comedy to the screen to round out a great show.

### from the One Horse Shay

REMEMBER the wonderful one horse shay? It was built with the finest possible material—but went to pieces all at once.

Your electrical appliances are examples of fine craftsmanship, too. And it is exceedingly important that they don't "break down" on you now. For they are savers of health, materials, time and money—and can't be easily replaced.

That's why it's so important to check up on them periodically—keep them in good repair—and use them carefully. SEE YOUR REPAIR DEALER.
